THE EURATOM TREATY

One question ?

Is anyone ever heard of the Euratom treaty?

If not, I will explain...

Summary:

- 1- The origin of the project
- 2- The objectives
- 3- Some Euratom missions
- 4- A disappointed ambition
- 5- Euratom today

The origin of the project

- **Signature of the Euratom treaty and EEC at the same time**
- **Nuclear is a key factor of change**

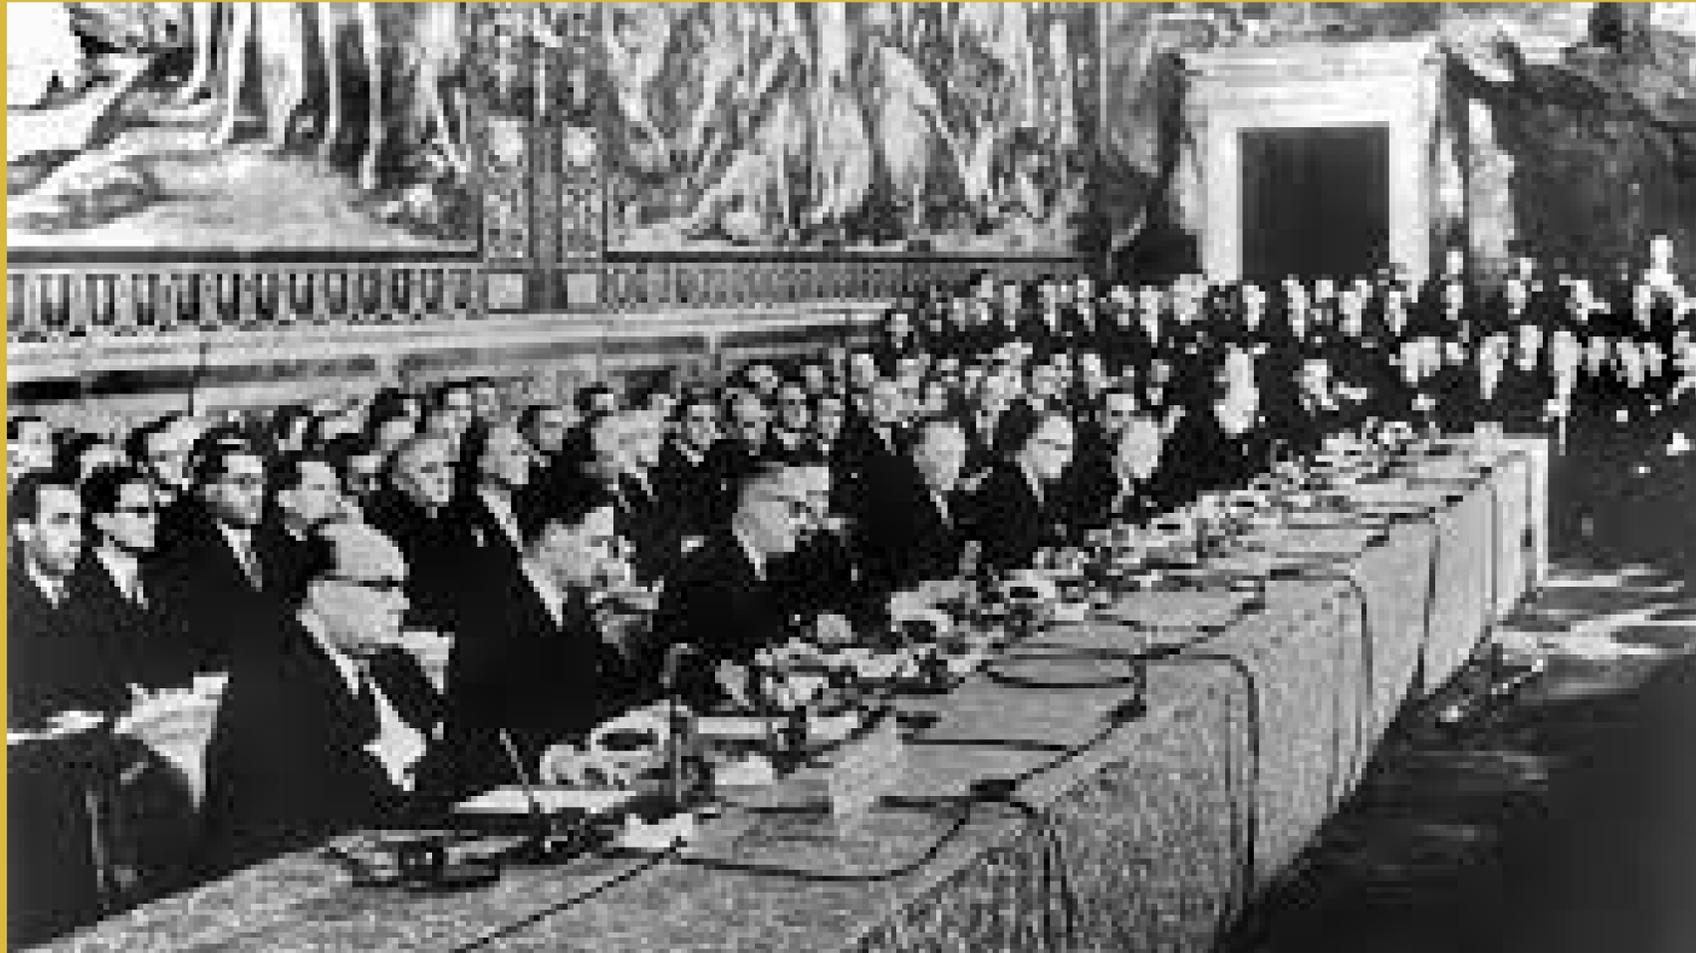

Euratom treaty is important

- IT ALLOWS COUNTRIES AN ATOMIC POWER
- ATOMIC POWER IS AN ESSENTIAL RESOURCE
- IT ALLOWS COUNTRIES TO GROW

What are the missions?

- **Promote investments.**
- **Setting up joint-venture**
- **Ensuring the supply of ores and nuclear fuels**
- **Developing a strictly peaceful use of nuclear energy**
- **Promoting the use of civil nuclear energy on a global scale**

The Euratom treaty today

- There is a common market for nuclear materials in Europe
- A cooperation in the peaceful for nuclear energy with many states...
